MEMORANDUM FOR: D/DCI/IC

SUBJECT : IHC/SS

1. I propose that the IHC/SS and the functions of the IHC be transferred to the IC/PRG. As you know [] and other members of the Support Staff have been working with PRG to improve community current intelligence operations. Some of these improvements are in the process of being implemented while others are being actively pursued. I realize that the overall functional responsibilities of the IHC cut across the PEG, CCG and other USIB committees, however, I believe that these responsibilities can be satisfied with the IHC/SS assigned to the PRG.

2. If this plan meets with your approval, I will have [] report to me and concurrently initiate action to disestablish the Intelligence Information Handling Committee and subcommittees.
